PROFILE

A self-motivated Front-end Developer with experience and passion for learning about the latest web technologies. Work great in a team and solo, love challenges and effectively use excellent communication skills with both - people and computers. Highly creative, easily adaptable, attentive to detail with experience of living abroad and speaking several languages and unique skills in cross-cultural collaboration. Dream of working in an Agile environment at a mission-driven organization and building projects.

EMPLOYMENT HISTORY

Jan 2022 — Present

Frontend Developer, Self-employed

Vancouver

A Self-employee Front-end developer who love & care about his job. My job is to build websites with design & development skills, find bugs and fix coding problems, also maintaining existing projects.

Below I will share with you the links of couple projects.

See my portfolio for more projects.

Organic beauty store - Github | Demo | Online store build in React & Bootstrap

- Build with functional components, react hooks & props
- UI part included: Loading, module window, Sweet Alert, BS accordion

Daily Check List - Github | Demo | A web app in Node.js and Mango DB

- Web app that enables users to manage their personal task lists.
- Includes functionality that allow users to create, edit, and delete tasks

Online Library app - Github | Demo | JavaScript app that allows you to search the book and read it.

- Implemented search input by author or name of the book
- UX/UI simple designed and button that can direct to pdf file to read the book
